USDA Biobased

CRI Seal of Approval

Certiifiably green. Undeniably clean.

The variety of independent certifications and research results show that HOST® is the greenest way to clean your carpet.

No other carpet cleaning product can compare!

With just one HOST machine, you can:

- Power vacuum
- Pile lift
- Spot clean
- Routine clean
- Deep clean
- And even clean grouted tile floors!

Did you know?

If everyone in the US cleaned their carpet just **ONCE** with the HOST System instead of the average wet cleaning method, the US would save almost **10 BILLION** gallons of water.

Saving water and energy while taking care of staff, building occupants and property is the right thing to do for the planet and the budget. For a free demonstration, call 800-558-9439 or visit www.hostdry.com.
